family is not very sound therefore have private toilet is kind of having luxury facility at home for the family.

The family use to travel more than half km for latrine once in a day and many time the frequency get increase in case of lose motion. The male members use to manage but the situation for female was not favorable. The females use to go either early In the morning or in the night. In the night there was risk of snake and other poisonous animals therefore it was very risky during the night also. The situation use to get worst during the rainy season because it was almost impossible to find dry place in the farm. Due to unawareness the family uses to wash their hand with water.
