Name of the donor: [REDACTED]

Purpose of donation: Sponsor spectacles for 10 poor people

Brief Description

DONATIONS RECEIVED THROUGH GIVEINDIA ARE USED ONLY FOR POOR BENEFICIARIES

Among the various eye problems diagnosed by the eye doctors of our centres, one major problem is the problems in vision which is called fluctuations in eye power. For this reason we provide spectacles for the patients. After the doctor conducts the eye power check up of the patient he/she is asked to chose from different types of spectacle frames. The doctors confirms the frame as fit for the respective patient and slip stating the eye power quotient of the patient is attached with a runner band along with the frame. The patient is them requested to visit the centre after 15 to 20 days to collect the spectacle. The supporting staff of the centre then carries all the spectacle frames along with the slips to the head office, which from there goes to the factory to be prepared accordingly. Once it returns from the factory the same is sent back to the respective centres and distributed to the respective patients. Many patients due to lack of money to make frames often compromise with their vision but at our centres we try to ensure that all such patients could get spectacles at extremely affordable rates.

Full Name / Age / Utilization Period	Father / Husband / Guardian Name	Village / Town / City / Prominent Landmark	PO Name, Taluka / Mandal / Tehsil Block, District	State and Pincode	Phone No.
