Purpose of donation: Support a sick HIV infected deserted/widowed woman

Brief Description

DONATIONS RECEIVED THROUGH GIVEINDIA IS USED ONLY FOR POOR BENEFICIARIES

NMCT is working for HIV infected and affected people living in Tirupur and Coimbatore Districts. The supports given to them, includes health care, education to the affected children, emergency support, funeral support, capacity building, mainstreaming, counselling etc.

The outreach workers do home visits and the infected and affected come to the drop in centres for homecare and healthcare trainings. NMCT also has close contact with the positive networks. 80% of our HIV infected beneficiaries are from BPL and are not supported by family or community.

Most of the infected often gets infectious diseases frequently and due to this they are not able to go for the job regularly which results in poverty and they are not able to take nutritious food. They need nutritious food for sustaining their health to reduce opportunistic infections and maintain their CD4 count. Hence this donation was visualised by NMCT and floated for support through GI.

Family Back ground.

husband died 18 years back due to HIV/AIDS. She is living with the support of a Church. She has no children and she felt very sad to live alone.

has no opportunistic infectious disease.

Feedback and thanks

The nutrition support package has materials rich in protein like pulses, soya, ragi and others. The support enables her balanced diet at least for a month. The toiletry support given to her helps to keep the environment clean & reduces infections. She felt very happy to receive the support which will be helpful for improving her health status and reduce the economic burden.
